USPS Overload

Covid makes the headlines everyday and has created interesting supply chain issues for many of the items we would normally buy locally. This has created an issue for the Carbondale Post Office and likely most others around the country. The little trucks, like the one that comes through the neighborhood is overloaded with boxes making it nearly impossible to drive. In an effort to relieve some of the problem large packages are being off-loaded at our office. They are out of the weather, but if you get a note in your mailbox, please pick up your package as quickly as possible.

If a key is left in your mailbox, your package is in the parcel boxes in the upper preschool parking lot near the evergreen trees.

Please shop locally when possible! Thank you!

Next Board Meeting

Tuesday August 11th at 6:30 PM in the office building. We encourage owners and residents to attend and stay informed. One board member term expires this year in November if there are any new volunteers out there. We ask for a 3 year commitment. Please call the office if you're interested.

Neighborhood Garage Sale

Our next sale will be advertised for Saturday, September 12th starting at 8am.

Share Office Space

Available

Need a work space outside of those same 4 walls? One of the Blue Lake office tenants is looking for someone to share her space. Scheduling is flexible. Must be compatible with current use as a counseling office. Rent is very affordable and includes all utilities and wifi.

Contact Carol at 970-920-7683

Crosswalk Awareness

Even though school buses won't be coming through the neighborhood anytime soon, please use extreme caution on the streets as many people are out walking, biking, and street sports have become a thing again.

2021 Budget Season Approaching

The association will soon start planning maintenance and improvement projects for next year. Now's the time to make your ideas and opinions heard. Send us an email or attend an upcoming board meeting. Our board and staff take fiscal responsibility very seriously and realize that money is tight for many people.

Please plan now to attend the Annual Meeting of Homeowners on Oct. 15th at 7:00. Typically we don't have a quorum of owners so can't conduct any official business but it is a good opportunity to see what's happening in the neighborhood and meet some great people who live near you. We may hold the meeting outdoors or elsewhere if social distancing is still recommended.
